Overview

ENERGYTECH SYSTEMS PVT LTD is a leading supplier of high-quality electronics and electrical equipment, also, as an integrator we are offering, IT Networking Solutions, IT Network infrastructure in terms of Structured Network management, administration, Workstation Lines, Back Up & Network Crisis management, which all considered as a major and important line of a business activity. Suited to the growing needs we offer structured services in terms of Managing Networks, Remote Network Control and Management, Sales & Services, Rentals & Service Worldwide. We are dedicated to serving a diverse range of industries. With a commitment to excellence and innovation, we provide our clients with cutting-edge technology that enhances efficiency, sustainability, and performance.

Mission:

At ENERGYTECH SYSTEMS PVT LTD, our mission is to empower businesses through advanced IT Networking solutions and reliable electronic - electrical equipment. We strive to be the preferred partner for our clients by delivering exceptional products and services that meet their unique needs.

Vision:

At ENERGYTECH SYSTEMS PVT LTD, our mission is to empower businesses through advanced IT Networking solutions and reliable electronic - electrical equipment. We strive to be the preferred partner for our clients by delivering exceptional products and services that meet their unique needs.

Products and Services:

ENERGYTECH SYSTEMS PVT LTD specializes in a comprehensive range of products, including but not limited to:

- ☒ Electronics: Advanced electronic components and systems tailored for various applications.
- ☒ Electrical Switchgear Equipment: A wide selection of electrical devices, including switches, Switchgear, circuit breakers, and transformers, etc.
- ☒ IT Networking Equipment : Routers, Routers (Enterprise, Edge, Core), Switches (Unmanaged, Managed, Layer 2 / Layer 3, PoE), Wireless Access Points (Indoor / Outdoor) Firewalls & UTM Appliances, Network Load Balancers, VPN Gateways
- ☒ Passive Networking Equipment :: Structured Cabling Systems (Cat6, Cat6A, Cat7, Cat8), Patch Panels & Keystone Jacks, Fiber Optic Cables & Patch Cords (Single-mode, Multi-mode), Fiber Enclosures & Splicing Kits, Network Racks & Enclosures, Cable Managers & Trays, Printers, Screen, Rack, PDU, Data cooling System etc. Video Conferencing Equipment
- ☒ Consultation Services: Expert advice on selecting the right equipment for your specific needs, ensuring that your operations are both efficient and cost-effective.
- ☒ Technical Support: Dedicated customer support to assist with installation, maintenance, and troubleshooting.
- ☒ Technical Support: we understand the importance of on-time delivery for critical projects. we do provide expediting services as third-party to ensure that equipment and materials are manufactured, inspected, shipped, and delivered according to your project schedule.

Quality Assurance:

Quality is at the core of our operations. ENERGYTECH SYSTEMS PVT LTD adheres to stringent quality control processes, ensuring that all products meet international standards. Our commitment to quality is reflected in our long-standing relationships with clients who trust us for their critical supply needs.

Seamless process

We provide Real-time product availability, & material tracking,
**Digitalization is in process*

Experts in providing shortage and long lead items

Access \$2M+ in stock,
100+ global distributors,
and worldwide supply

Alternate and Obsolete products

Alternate suggestions and customization solutions for obsolete products.

**Digital Tool in process*

Dead Stocks Liquidation

Experts in liquidating dead stock – Sell and clear your inventory with our platform

Faster delivery Worldwide

Global logistics, cost optimization, and worldwide supply

Note - Company website & Digital online platform is under construction, will be available soon for customer uses.

Why Choose Us:

- *Expertise: Our team comprises industry professionals with extensive knowledge and experience in electronics and electrical systems.*
- *Innovation: We continuously seek out the latest technologies and trends to offer our customers advanced solutions.*
- *Customer-Centric Approach: We prioritize our clients' needs and work closely with them to deliver tailored solutions that drive success.*
- *Quality Assurance: We prioritize quality in every aspect of our business, from product selection to service delivery, guaranteeing that our clients receive nothing but the best.*
- *Sustainability: We are dedicated to promoting environmentally friendly practices through energy-efficient products and solutions.*
